OBJECTIVES

- Enable people to deepen their knowledge of the EU values, institutions, and policies by stimulating an informed public debate about benefits and challenges in major EU policy fields
- Foster the sense of belonging to the European family and EU among its citizens and provide them with the opportunity to interact actively.
- Empower the “ordinary” citizens to play a full part in the democratic life of the EU on local/regional and European level.
- Involve local communities and citizens in action to combat stigmatization of disadvantaged members of the community and to foster tolerance and empathy.
- Build close cooperation on community level among multi-actors (NGOs, institutions, LA/RA and public sector).

ACTIVITIES

Face-to face & online events on: Climate change and environment; COVID-19 crisis effects on the democratic debate; Migration and Security; Innovative democratic approaches and tools, e-democracy; disinformation and media literacy; European Parliament elections; Equality and diversity; Young and older people participation in the democratic life; Citizens engagement in society and with the EU.
