PRESS RELEASE

IV Working meeting of the ACT Stronger EU project led by the Altius Foundation, held in Angouleme (France)

Innovative democratic approaches and tools, e-democracy

During the 28th and 30th of June the Altius Foundation Spain leader of the project "Active European Citizens towards a Stronger EU" participates in the fourth working meeting where Spain, Germany, France, Italy, Greece, Bulgaria, Cyprus and Lithuania have presented e-democracy approaches and tools to strengthen the participation of EU citizens in all processes, platforms and initiatives in progress and that are of interest to citizens.

Funded by
the European Union

The Altius Foundation Spain will present the initiative "Decide Madrid", the platform of the Madrid City Council where you can make proposals, vote on citizen consultations, propose participatory budget projects, decide on municipal regulations and open debates to exchange opinions with other people.

The event was completed with other activities such as a simulation of a local device in Angouleme where proposals can be made to improve the lives of its citizens, the screening of a documentary on new forms of citizen participation and debate between the partner countries of the project and the participants and closing with a flash mob.

The ACT stronger EU project will support all current EU initiatives by promoting the participation and engagement of citizens in debates that affect their present and future. The project is part of the Citizenship, Equality, Values and Rights (CESR) programme.

This project has been funded by the European Union.
